March 10, 2019

## Quo Vadis X – Announces 10-Year Anniversary Logo and Theme for the 2019 Young Polonia Conference

With our first News Release of 2019, the QVX organizing committee would like to wish everyone a very happy and prosperous New Year!

Quo Vadis Conferences Canada is pleased to unveil the QVX logo, pictured above, in royal purple. QVX's letters stand boldly next to Toronto's iconic CN Tower.

We are also proud and excited to announce the theme for QVX: 'Leaders in Action'. This theme captures our 10 years of commitment to working together for the Polish Diaspora. 'Leaders in Action' brings us to the present as we demonstrate how Quo Vadis has impacted our communities and lives.

This 10th edition of the conference is a testament that we will continue to develop future leaders in our Polish communities and communities at large. Our alumni, delegates and members are being promoted to leadership roles in sectors such as business, health care, government and beyond. We are excited to look back on all our progress and to break ground for future endeavours.

"Quo Vadis X: Leaders in Action" brings together the past, present and future of Quo Vadis Conferences.

For more information please visit our website, visit the Quo Vadis Conferences Canada Facebook page, or feel free to contact us directly.
